CAREER SUMMARY

A dedicated student pursuing a bachelor's degree in ENTC with a strong academic foundation and a keen interest in Computer Science. Fast learner, applying theoretical knowledge to real-world challenges, and eager to grow professionally. Possessing analytical and problem-solving skills, along with good communication and collaboration skills. Ready to bring a fresh perspective and enthusiasm to any team. Determined to continue learning and adapting to new technologies.

EDUCATION

- D.Y. Patil College of Engineering, Akurdi**
Bachelor of Engineering
Major in Electronics & Telecommunication
Cumulative GPA: 7.93/10
Pune
Expected June- 2025
- D.D. Bytco Boys Hg. School & Jr. College, (HSC)**
Percentage: 85.83 %
2021
- Horizon Academy, Nashik (SSC)**
Percentage: 83 %
2019

SKILLS AND STRENGTHS

- Technical Skills:** HTML, CSS, Bootstrap, Tailwind CSS, JS, React.js, Node.js, MongoDB, Express.js.
- Programming Languages & Technical Skills:** C/C++, DSA, SQL, Frontend Web Development, Cloud Computing.
- Development Tools/ OS:** Visual Studio Code, Android Studio, Git, GitHub, Windows, Linux.
- Core Competencies:** UI/UX Design, Backend Integration, Version Control.

PROJECTS

1. Spotify Clone (Frontend & Backend):

- Frontend:** Utilized React for building a responsive and interactive user interface. Implemented key features like user authentication, music playback, and playlist management. Leveraged React Router for seamless navigation and Context API for state management.
- Backend:** Built a RESTful API using Node.js and Express to handle user authentication, song retrieval, and playlist operations. Implemented JWT-based authentication for secure access control.
- Database:** Used MongoDB for storing user data, playlists, and song metadata, ensuring efficient querying and data management.

2. Portfolio:

- Developed a personal portfolio website to showcase my projects, skills, and experiences.
- Design and Layout:** Created a responsive and visually appealing design using HTML and CSS. Implemented a clean and modern layout to ensure a great user experience across different devices.
- Interactive Features:** Used JavaScript to add dynamic elements such as a project carousel, smooth scrolling, and interactive navigation. Enhanced user interaction with animations and hover effects.

3. To Do List:

- User Interface:** Designed a clean and intuitive interface using HTML and CSS, ensuring that users can easily add, edit, and delete tasks.
- Dynamic Functionality:** Implemented task management features using JavaScript, allowing users to mark tasks as completed, filter tasks by status, and clear completed tasks.

WORK EXPERIENCE

The Innovative Solutions

Jan 2024 – March 2024

Software Development Intern

Nashik

- Frontend Development:** Developed and maintained user interfaces using HTML, CSS, and JavaScript. Worked on creating responsive designs and ensuring cross-browser compatibility.
- Backend Development:** Assisted in building and integrating backend services using Node.js and Express. Involved in creating RESTful APIs for data management and user authentication.
